DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this

Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-3 and 6-7 are rejected under 35 U.S.C. 102(b) as being anticipated by Stevenson.

3. Stevenson discloses in Figs 1-2, a finger painting device on which the claimed combination playhouse and carrying case reads. It comprises a base housing defining a plurality of open-sided rooms [base 12 and top 16], a front panel [bag 18] having a sealed pouch formed by a pair of flexible material sheets [col 2 lines 7-26] and a quantity of captive liquid 24 there between; and a hinge [col 2 lines 13-16] securing the front panel to the base housing and the colored liquid inside the sealed pouch simulating a waterfront in the open position [for example when the distinctive colored fluid/ captive liquid composition is blue simulating a body of water] as recited in claims 1 and 6. Additionally Stevenson discloses the flexible material sheets are formed of transparent plastic [col 2 line 13] as recited in claim 2 and the liquid is tinted in color [col 2 line 27] as recited in claims 3 and 7.

Art Unit: 3712

Allowable Subject Matter

4. Claims 4-5 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
